1. Definition of Posed Photography: The Sisters of Charity of Nazareth define posed photography as photography of individuals such as wedding, engagement, prom, family portraits, senior portraits, or the like. Posed photography does not include visitors who wish to snap a few candid shots of their family, friends, etc. for personal use.

3. Tripods and monopods are permitted. Auxiliary lighting and props are not permitted.
4. Parking is permitted as directed by the Security Guard.
5. No public restrooms are available.
6. Benches, plants and signage may not be moved or altered.
